

UMBC

# NASA-UMBC INTERACTION DAYS

(A NASA-Swift mission outreach endeavor)

September 9th, 16th and 30th 2024, 11:30 AM - 1PM  
University Center, Room 310 (Starbucks Building)

We are excited to announce three days of NASA-UMBC interaction, where senior scientists and technologists from NASA Goddard Space Flight Center will give lectures on cutting edge science and technology advancements and discuss opportunities for students and faculty to engage with Goddard scientists and engineers.

We are looking forward to meeting you ALL.
